T-BAR DIAMOND DRESSER

All silicon carbide grinding wheels form grooves even with normal use. The T-Bar Diamond Dresser is essential for restoring a flat working surface and a true smooth running balanced wheel.

DRESSER COMPLETE

MLS PART#: 510030

PRICE: \$30.00

REPLACEMENT HEAD

MLS PART#: 510040

PRICE: \$24.00

DIAMOND GRINDING WHEELS

These **DIAMOND GRINDING WHEELS**, also known as plated rim diamond wheels, are made by nickel plating/bonding a layer of diamonds to the perimeters of the wheel. The diamonds are securely held into place.

The **MLS LANCER** wheels are constructed of solid metal cores. These wheels actually sing to you while you are grinding.

The Diamond Pacific **GALAXY** wheels are made with tough nylon cores, banded with solid steel rings, balanced and machined to close tolerances which provide fast accurate grinding.
