FACETRON by Jarvi Tool Co.

A Lapidary Luxury is how most faceter's describe the Facetron because of it's ease of operation, superior quality and precision that makes it a joy to create beautiful gemstones. Some of the features of the Facetron include:

- Dial Indicator stop system.
- Micro-height adjustment.
- Two quart water coolant system.
- Powerful permanent magnet motor, variable speed, 115 VAC.
- Machine used standard 8" diameter, 1/2" arbor hole discs.
- Dop chuck with exclusive cam lock system.
- Digital protractor provides 1/10 of a degree angle settings.
- Master anchor lever.
- Precision index wheel.
- Electronic speed control.

**GRINDING and POLISH DISCS FOR THIS
MACHINE AVAILABLE ON PAGES 39 & 40!!**

Complete Facetron Kit includes all you need to begin making fine gemstones **except** laps:

- The Facetron Owners Manual.
- Faceting Instruction Book.
- A set of 15 dops.
- Water system.
- The complete Facetron machine.
- Your choice of any index gear (96 - All Purpose recommended as first index gear).
