LAPIDARY ARTS

Opal & Gemstone Jewelry
By Downing, 309 pages, Colored photos - Softcover
Whether opal, agate, jade or tiger-eye, this book provides step-by-step instructions taking you from rough to finished jewelry. About half of the book is about opal, the other half other gemstones. Copyright 2009.

MLS Part #: 904400 Price: \$29.95

FLINTKNAPPING - Making & Understanding Stone Tools
By John C. Whittaker, 341 pages, B&W - Softcover
Simply put, this is the best book I have ever come upon on the subject of flint knapping. John reviews many different techniques. He looks at both the traditional methods as well as the newer techniques.

MLS Part #: 903700 Price: \$27.95

Facet Cutter's Handbook
By Edward J. Soukup, 64 pages, B&W - Softcover
This book was written for the primary purpose of helping the beginning faceter and those who still consider themselves in this class. This new addition combines the information from "Elementary Faceting Instructions" (now out of print) & the 1st edition of "Facet Cutter's Handbook" into one book.

MLS Part #: 904500 Price: \$6.00

How To Use Diamond Abrasives To Cut Gemstones
By Arthur L. Riggle, 31 pages, B&W - Softcover
In this book you will learn how to use diamond machinery, accessories and supplies to cut cabochons and small flat stones. Several methods are covered, so that you may select those that best fit your needs. The author has extensive experience in the field and has put them together here in this useful guide.

MLS Part #: 904000 Price: \$6.95

METAL WORKING

Cabochon Cutting
By Jack R. Cox, 65 pages, B&W - Softcover
The instructions in this book are mostly for silicon carbide abrasives and oxide polishes, which because of their low cost, are favored by many gem cutters, especially beginners. However, the basic techniques presented here are adaptable to diamond abrasives. Instructions with many photos.

MLS Part #: 904100 Price: \$6.00

The Complete Metalsmith
By Tim McCreight, 198 pages, B&W - Softcover
Now revised and expanded, this classic hand-book gives fuller coverage to familiar techniques and adds many new procedures to its already encyclopedic breadth. The straightforward text and instructive, clear drawings bring even complex techniques within everyone's reach.

MLS Part #: 904700 Price: \$19.95
